# Mechanics

Basic skills intervention for Struggling Students

Discover our educational program and  
**help at-risk learners reach their goals!**

Let your students **enter**  
**at any level** and work  
at their own pace.

Give your learners the proper  
instruction to **perform better**  
academically.

Help your students to  
**catch up** with their  
peers.

## Primary schooling foundation!

Mechanics is a bilingual program for **re-teaching essential** foundation skills that should have been mastered in grades 1 through 8 in Math, Reading, Writing, and Vocabulary.

**Level 1**  
Grades 1–3

**Level 2**  
Grades 3–5

**Level 3**  
Grades 6–8

Works for learners who are **2 or more grade levels behind**. The lessons are grouped into 3 levels instead of grades to **keep students motivated**.

## Know our **educational strategy**

- **Learning close-up:**

Identifies **areas of need** for the basic skills of each student.

- **Bilingual support:**

Provide **native language support** with question items and teaching animations that can be switched immediately from English to Spanish.

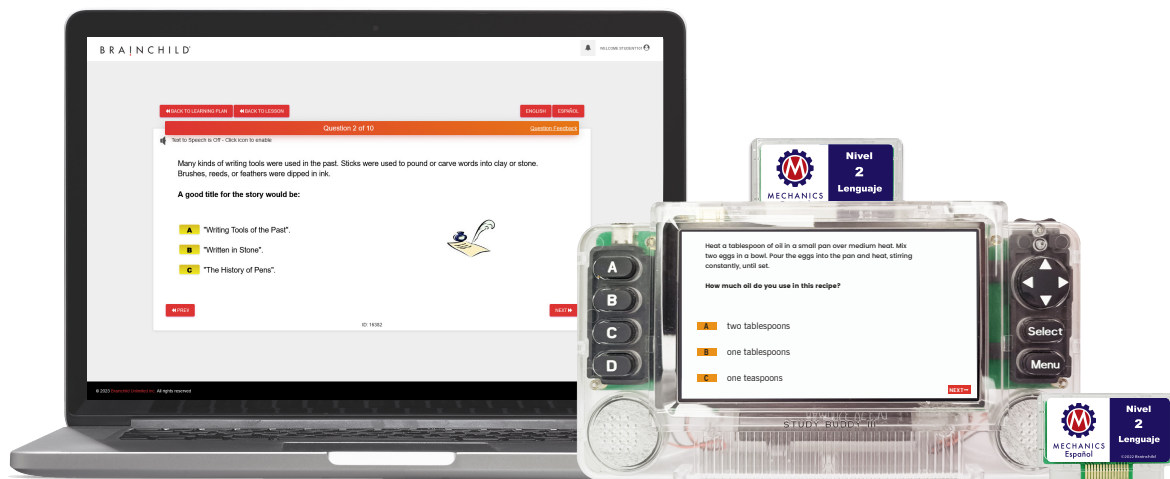

## Frequently used for:

- Special Education
- Title I
- Migrant & ELL Programs
- Pre-GED
- RTI Programs

This product is available **online** and in **Study Buddy** cartridges.

***"Our documented evidence for RTI serving Tier 1 to Tier 3 shows this was a very successful tool to pull us out of School Improvement."***

**Dr. Randy Pettus, Federal Programs Director**
