## Enhance Student Engagement with the Media Reader:

### A New Way to Deliver Academic Content

This tool is an affordable option to deliver your students' academic resources in a different way. Our innovative tool brings a new dimension to learning on the Study Buddy – the ability to **load PDF documents** and **MP4 files directly into a cartridge** and seamlessly play them. This feature revolutionizes how you deliver content, making it more engaging and interactive for your students.

Here's what you can expect from this exciting tool:

- 1. Content Variety:** Load PDF documents and MP4 files, offering diverse and multimedia-rich learning materials.
- 2. Enhanced Engagement:** Captivate your students with dynamic content, promoting greater participation and understanding.
- 3. Effortless Integration:** Easily incorporate these files into your Study Buddy cartridges, ensuring a hassle-free experience.

---

**Note:** The student's access is limited to the content on the cartridge, with **no ability to view other materials.**

# How does it work?

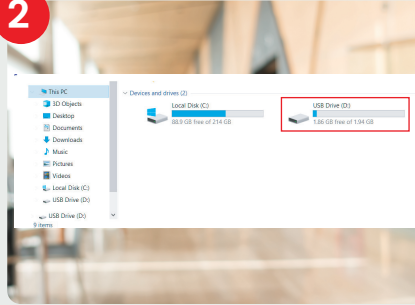

## Take the following steps:

1

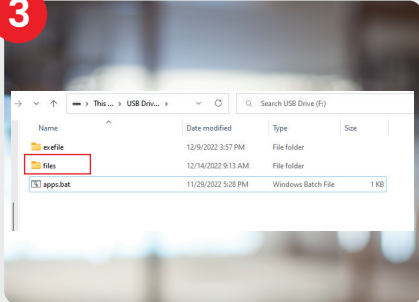

Connect the cartridge reader to your computer using a USB cable.

2

Select the USB device.

3

Copy the PDF/MP4 file into a folder called "files". (PDF/MP4 file is kept on the cartridge)

4

Insert the cartridge in the Study Buddy and choose your media.

Creating Engaging and Interactive Learning Experiences through Innovative Content Delivery.
